Sub: ISEG's Geotechnical Orientation Programme-2013.

Sir,

As you are aware that the ISEG has organized two Geotechnical Orientation Programmes (GOP) at New Delhi during previous years. Since both the courses attracted several professionals from various organisations, they were turned out to be very good training courses conducted by the ISEG during recent past.

In this regard, your kind attention is invited to that minutes of the 1st meeting of the Executive Council of the ISEG for the term 2013-14 held at New Delhi on 1st February, 2013, wherein the Executive Council decided that ISEG will organize one more GOP during 2013 also. Shri V. K. Gupta, E.D., NTPC and Vice President, ISEG volunteered to conduct the GOP-2013 in NTPC office premises at New Delhi. Further, the Executive Council requested Dr. Y. P. Sharda, Council Member of the Society to kindly associate himself in the job, as it obviously involves a lot of thought process as spade work. Dr. Sharda has also been requested to prepare a policy document on behalf of the ISEG pertaining to capacity building and training programmes to be conducted by the ISEG in the long run.

At this stage, it is requested that Shri V. K .Gupta and Dr. Y.P. Sharda to kindly initiate to conduct the ISEG's GOP-2013 and finalise calendar for the current year. In this regard, support required from the ISEG may kindly be informed.

Further, Dr. Y. P. Sharda has also been earnestly requested to prepare a policy paper on Capacity building activity by the ISEG. It is requested that draft of the document maybe placed in the ensuing First General Meeting of the ISEG, scheduled at Hyderabad on 14th June, 2013, following the ISEG's National Workshop there.

Yours faithfully,

M. RAJU,
Secretary.
